Even celebrities, who probably could afford the best, are turning to domestic and jug wines for everyday drinking, according to recent interviews.

Small wonder, for American winemakers have learned to produce in large quantities the grapes — and wines — that were once prized rarities.

\* \* \*

More and more land (especially in California) has been planted in the best varietal grapes. It takes about five years for a new vine to produce good fruit, and some of those grapes are coming in now.

The California Wine Institute says that 1974 was such a big year for grapes that even many of the generic wines are being made with premium grapes.

Besides the classic great grapes, California wineries have had success with varieties that were developed especially for the hot climate of the Central Valley of the state. Among these are Ruby Cabernet and Carnelian.

There's a large selection of good domestic wines at RYE LIQUOR STORE, (good imported ones, too). Choose your favorites, or browse around and discover some new varieties.

SAVINGS BANK**

The bells that pealed on New Year's Eve brought a new name to PC/R Savings. With the change to "Village Savings Bank," our name more closely reflects the way we handle our business — locally and personally, with an active concern for the growth and welfare of individual communities.

You probably already know us as a local bank in one of the communities we serve: Rye, at 12 Purdy Avenue; Rye Town, at 12 Bowman Avenue; Pleasantville, at 44 Washington Avenue; or Port Chester, our main office, at 133 North Main Street.

And now we serve still another community, with the opening on January 3 of our newest office in Bedford Village, at Hunting Ridge Mall on Route 22.

But whether you're one of our longtime customers or a new depositor, you can be sure of getting the personalized attention that's been a PC/R tradition in the past.

You can also be sure we'll do our best in the future to make this kind of personal service a hallmark of Village Savings. A teller's friendly smile, the cheery hello, the helpful

advice when you have questions — they're all an expression of our desire to make your banking a pleasant experience.

Now that we're known as Village Savings, we still offer the wide range of banking services you expect of an active bank: Savings Accounts that pay as high interest as you can get in any bank in New York State; Christmas and Vacation Clubs; Home Mortgages, and Home Improvement Loans.

As Village Savings, we still offer Student Loans and low-interest Passbook Loans; Safe Deposit Boxes; timesaving, postage paid Bank-by-Mail service; low-cost Savings Bank Life Insurance, and Self-Employed Retirement Funds with tax advantages on amounts as high as \$7500 per year.

And as Village Savings, we of course remain a member of the Federal Deposit Insurance Corporation, which means that your savings are fully insured up to \$40,000.

Stop in soon and visit us at the office nearest you. Let us prove to you that we're still The Active Bank... where your security is our business.
